

JAKUB BORKOWSKI

GRADUATE IT PROGRAMMING PROFESSIONAL

Birmingham, Kings Norton, UK

07727 440 236

borkowski.jakub1@gmail.com

CORE COMPETENCIES

Programming and scripting:

Java, JavaScript, Python, SQL

Web development:

HTML, CSS, Flask,
REST/HTTP APIs

Database & Data Handling:

Relational
DB Design, SQL, DB Normalisation

Software Development:

Object-
Oriented Programming, Data
Structures and Algorithms

Tools:

CLI, Git, cURL

Problem Solving:

Debugging, Testing,
Troubleshooting

PROFESSIONAL PROFILE

Graduate IT Programming professional with a solid foundation in computer science, software development, and network administration, transitioning from a successful career in the healthcare industry into IT. Familiar with Java, JavaScript, HTML, CSS, Python, and SQL. Knowledgeable in ITIL-based service management and Agile delivery practices. Motivated to apply my technical skills, proven experience in customer care from healthcare, and academic background to real-world projects within a dynamic, growth-focused organisation while continuing to develop as an IT professional.

PORTFOLIO

Assessment Feedback & Q&A Web Application

- Developed a responsive web application using event-driven and asynchronous JavaScript.
- Implemented API communication, dynamic content loading, and form submission handling.

Flask Web Services Project

- Built REST-style web services using Flask.
- Developed routes, form processing, parameter handling, and JSON-based API endpoints.

SQL Database Development Project

- Designed relational databases and normalized schemas to 3NF.
- Created SQL queries, views, joins, constraints, and access-control structures.

Athletics Event Management System

- Developed an object-oriented athletics competition management system in Java.
- Implemented inheritance, event simulation, result tracking, and ranking functionality.

Haiku Generator & Syllable Analysis Tool

- Created a text-processing application that generates haiku poems following the 5-7-5 syllable structure.
- Designed algorithms for syllable counting and word classification.

PROFESSIONAL EXPERIENCE

SENIOR HEALTHCARE ASSISTANT / H&S COORDINATOR

2018 – PRESENT

Diaverum

Collaborated within a multidisciplinary clinical team to deliver high-quality patient care, including:

- Carrying out safety audits and investigating H&S issues to guarantee compliance with fire, hazard and safety guidelines,
- Reporting all safety issues in an efficient and professional manner in order to reduce risk,
- Enabling the provision of clean water by checking water quality and maintaining the distribution system,
- Responding to emergency situations in the most efficient and effective ways possible,
- Monitor supply usage and order low-stock items to replenish inventory proactively,
- Dealing with invoice queries and resolving them effectively by communicating with suppliers and internal departments.

EDUCATION

BACHELOR'S DEGREE (BSC) IT PROGRAMMING

The Open University
2023 – Present

GCSE A* EQUIVALENT INC ENGLISH, BIOLOGY AND CHEMISTRY

Gdansk University of Technology
2004 – 2007

NVQ LEVEL 2 HEALTH AND SOCIAL CARE

Functional Skills Mathematics
2016/2017
